WARRANT FOR ANNUAL TOWN MEETING

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the eighth (8th) day of March next, at nine o'clock in the forenoon, to choose all necessary town officers, and at 10:30 a. m. to act upon the following subjects:

1. To hear the reports of Town Officers, Agents and Committees and pass any vote relating thereto.

2. To see if the Town will grant the free use of the town hall for Bent-Burke Post No. 10 American Legion for Memorial Day exercises.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.

5. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

6. To see if the Town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

7. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September 1st, for use of the Town as provided by statute.

8. To see if the Town will vote to rescind the vote taken under Article 8 of last year's Town Meeting, to

hold an Old Home Day celebration in three years and vote in place thereof, to hold an Old Home Day celebration in five years, or take any action relating thereto.

9. To see if the Town will vote to install one additional street light at the top of Dale Street, and raise and appropriate the necessary money therefor, or take any action relating thereto.

10. To see if the Town will vote to install four additional street lights from Lyfords' home to the Holt Road, and raise and appropriate the necessary money therefor, or take any action relating thereto.

11. To see if the Town will vote to reconstruct a section of the Burton Highway from Elmer Huber's house to the top of the hill, and raise and appropriate the necessary money therefor, or take any action relating thereto.

12. To see if the Town will vote to purchase a Police Cruiser car and raise and appropriate the necessary money therefor, or take any action relating thereto.

13. To see what action the Town will take relative to the cash now in the hands of the Town Treasurer, which was received from the redemption of the 10 year $4000.00 par value U. S. Bonds, which became due during 1954.

14. To see what sum of money the Town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, parks and playgrounds, street lighting, municipal court, fire alarm, town poor, old age assistance, aid to soldiers

and their families, Memorial Day, cemeteries, Blister Rust, interest, bonds, county taxes, Monadnock Region Association, libraries, bridges, sidewalk construction, temporary notes, long term notes, town dump and maintenance, resurfacing, water hole, dog damages, Workmen's Compensation Insurance and Social Security, and road to Laurel Hill Cemetery, and parking lot.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 21st day of February 1955.

JAMES L. SHELDON,
GUY M. HOLT,
FRED C. NELSON,
Selectmen of Wilton, N. H.

BUDGET

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1955 to December 31, 1955

Wilton Highway Department float which won second prize in the Old Home Day parade in August 1954.

WILTON HIGHWAY DEPARTMENT REPORT

In my Highway Report this year, as in the past, I will try to give you a general outline of the work we have done this past year. The winter maintenance for 1954 did not cause us any severe trouble as the biggest storm was the one on December 21, which was seven inches. We had 15 storms in all which ranged from one to seven inches, most of them being about two inches, for a total fall of approximately 35 inches in all from January 6 to December 30, 1954.

We used 60 tons of salt during the winter, which is approximately two tons per mile. We have 19 miles of tarred roads maintained by the town, also 6.8 miles of State Aid road that we have to maintain in the win-

ter months. We also maintain about one mile of road in Pine Valley for the Town of Milford, which they pay us for.

We do not use salt on dirt roads, as the dirt will not permit the salt brine to work, making it impractical to use on them.

As there was not much snow on the ground at any one time, again we were able to cut the brush on all the town roads during the winter months.

The summer maintenance is usually about the same each year. In the spring we clean the ditches, drag, road machine and gravel the dirt roads to get them in shape for the summer. We still have a lot of dirt roads that require graveling. This past year, we have had a lot more than usual, due to the two hurricanes in September that washed the roads badly and they had to be regraveled, which set us back four or five weeks in our work, causing the summer maintenance to be much higher than it would have been.

We had planned to build sidewalks on Lower Maple Street during September, for which there was $1,000 appropriated, but due to the hurricane we were unable to build these.

During July and August, we did the resurfacing and tarring. We tarred 1.1 mile of road known as the Burton Highway in Davisville, which starts at the Stiles Farm and goes to the Temple line. This we built with what is known as "The Farmers Mix" by mixing MC-3 asphalt with about three inches of new gravel with a road grader. This makes a very good road which will last much longer than the old method of just putting the tar on top of the gravel. Also we re-tarred the following:

1.2 miles of the Burton Highway
.35 mile of the Marden Road
1.4 miles of the Lyndeboro Center Road
.5 mile of the Wilson Road
.45 mile of Perham Road
.2 mile of Mason Road
.1 mile at the Grange Hall

4.2 miles

using 21,000 gallons of MC-3 asphalt for this purpose, making a little over five miles of road tarred this year. We also used 30 tons of chloride for the dirt roads to keep the dust down.

During July, we re-built the entrance to the Laurel Hill Cemetery, for which there was $150.00 appropriated. Also re-built and re-tarred the parking lot on the upper end of Main Street, for which there was $450.00 appropriated. This will need another coat of asphalt this year.

During the month of October and the first part of November we did the TRA. This year we finished graveling two miles of road at Kimball Heights, which we started in 1953. We are planning to tar this section of road this coming year. There is $1800 left over from graveling and we are planning to use this toward the tarring.

The winter maintenance starts about the middle of November, with the putting up of snow fences which we try to get done by the first of December. As soon as the snow fence is out we plan to get our stock piles for the winter months.

Once again I would like to thank my employees and all those who have helped the Highway Department or myself in any way during the past year.

LAWRENCE GIBBONS,
Road Agent.

REPORT OF THE TRUSTEES OF THE TRUST FUNDS OF THE TOWN OF WILTON

REPORT OF AUDITORS

We have completed our audit of the books of the various town officers for the year ending December 31, 1954 and find them correct and in good order.

The records of the Trustees of the Trust Funds, Judge of the Municipal Court, Water Department, Town Clerk, Tax Collector, Treasurer, Selectmen, and Trustees of the Wilton Public Library were checked.

The uncollected accounts of the Tax Collector and Water Department have been verified by sending individual notices to each debtor, this being the usual accepted practice.

We wish to express our sincere appreciation to the town officers for their cooperation with us during the progress of the audit and especially to Mrs. Elizabeth French for her very kind and helpful assistance with the detail.

SAMUEL G. PROCTOR,
LESTER L. YOHE,
Auditors of Wilton.

J. ELMER DRAPER,
Treasurer.

REPORT OF WATER COMMISSIONERS

During the past year we had to replace a great many services and pipes due to rust filling them, thereby reducing the pressure. More will have to be replaced this year.

Three hydrants were broken and replaced.

Two extensions were put in, one at the Congregational Chapel, the other on Highland Street with five additional services. Seven other services were added in other parts of the town.

New screens were put in at both reservoirs.

Chlorinator meter had to be repaired.

JAMES L. SHELDON,
LYNN W. POTTER,
NORMAN W. DRAPER,
Water Commissioners.

REPORT OF WILTON FIRE DEPARTMENT – 1954

Total number of calls	30
Bell alarms 15; Still alarms 15	
Mutual aid	4
Chimney fires	13
Brush and grass	4
Building	3
Automobiles	3
Smoke	1
Flooded burners	2
Inspection	1
Number of fire permits	101
Damage by fire	$3,920.00
Covered by insurance	$3,375.69

No taxable property was lost by fire during 1954.

Meetings are held the first Tuesday of every month. We would like at any of our meeting nights to have the citizens of Wilton drop in and see for themselves just what they have for equipment and how it is used. We feel that with the support you give to your Fire Department you should know more about it. We feel that we have had a good year. But it is you yourselves who can do much in the suppression of fires.

Our Appropriations for 1955:

We recommend for maintenance	$4610 00
Forest fire	500 00
Fire Alarm system	1850 00
	$6960 00

I wish to thank the commissioners and deputies and members of the Department for their cooperation.

WILFRID B. BERUBE, Chief
ERNEST CLARK, Deputy
FRANKLIN EDWARDS, Deputy

REPORT OF FOREST FIRE WARDENS – 1954

Number of permits issued	101
Number of grass and brush fires	4

These were small fires, but could have been big ones.

Please get a permit before starting a fire.

With your help, we can still keep our forests green.

WILFRID B. BERUBE, Warden
LAWRENCE A. GIBBONS, Deputy
ERNEST CLARK, Deputy
ARTHUR KEILIG, Deputy
J. V. TUTTLE, Deputy
FRANKLIN EDWARDS, Deputy
ERNEST HUTCHINSON, Deputy

REPORT OF DISTRICT FIRE CHIEF

To the Forest Fire Warden:

The following is suggested information to be enclosed with your own record in the Annual Report of your town:

In looking over the records I find that over one-third of the fires in District One in 1954 were from incinerators and burning without first securing a permit from the forest fire warden of the town where fire occurred. As all these thirty-three fires were in violation of the law, all of us citizens who own homes or rent property should try to the best of our ability to cooperate with the forest fire warden and fire chief in the town or city in which we live.

After the snow leaves the ground and the spring season arrives we all like to get out of doors and start to clean up the grounds and back sheds so before we start to burn, let's contact the forest fire warden of the town in which we live and get his view and permit.

GUY O. HOLLIS, District Fire Chief.

FIRE WARDEN'S REPORT

35. Permits. (b) No person, firm or corporation shall kindle or cause to be kindled any fire or shall burn or cause to be burned any material, and no city or town shall kindle or maintain a fire or a public dump, in or near woodlands, pasture, brush, sprout, waste, or cut-over land, or where fire may be communicated to such land, except when the ground is covered with snow, without first obtaining a written permit from the forest fire warden of the town where the burning is to be done unless the same is in the presence of the warden or his agent.

36. Liability for Fires without Permit. Any person causing or kindling a fire without permit of the forest fire warden, when such permit is required, and any person by whose negligence or the negligence of his agents any fire shall be caused, shall be liable in a civil action for the payment to the town, or the state or both, of the expenses incurred by the forest fire warden or deputy warden in attending or extinguishing such fire.

FOREST FIRE WARDEN'S REPORT:

Number of fires	2
Acres burned	2¼
Number of Permits Issued	101

ZONING COMMITTEE REPORT

During the year, the Zoning Committee has contacted the State Planning and Development Commission for information on zoning procedures and this Commission has furnished the Committee in printed form all the necessary data and is ready to give advice and assistance as needed.

The handling and presentation of a town ordinance for zoning rests with the Town Planning Board according to State law. This Zoning Committee has presented the Town Planning Board with a zoning ordinance based upon zoning laws of nearby towns which the Board can use as a basis upon which to start.

The Committee further suggests that a large map of the Town showing property lines be obtained for use in this work.

It is the recommendation of this Committee that the Planning Board follow the procedures as set up by the State Commission to hold open meetings in the various geographical localities of the Town to discuss and approve suitable zoning laws as desired by the residents of these various localities. Zoning laws as set up by these various localities can then be combined into one zoning ordinance to be presented for vote by the entire Town at the Town Meeting in 1956.

It is the opinion of this Committee that all existing business, manufacturing and residential properties be kept on a status quo basis from the standpoint of zoning; that any zoning ordinance presented for the approval of town property owners be so written as to prevent any future detriment to the valuation of properties in all three classes as they now exist.

It is the opinion of this Committee that the continued improvement of highways and the growth of nearby cities within and without the State, all of which makes this town more attractive for suburban settlement, warrants the establishment of zoning laws for

the protection of all present and future property owners.

WILLIAM M. ABBOTT
DUNCAN L. TOCHER
F. STANLEY HALLETT, Chairman

REPORT OF OVERSEER OF THE POOR

Town cases paid on order from Overseer of the Poor	$2843 61
County cases that went through the office of Overseer of the Poor	$133 66

As in other years, a great many people are receiving aid under various classifications, including Old Age Assistance, Aid for Needy Blind, Aid for Dependent Children, and direct State Aid. None of these accounts go through the office of Overseer of the Poor.

JAMES L. SHELDON,
Overseer of the Poor.

EDNA J. GILBERT, R. N.

OLD HOME DAY REPORT

When the Selectmen asked me to take Chairman of the Old Home Day Celebration, I felt I just couldn't, but after securing Mrs. Mildred Pike and Mrs. Elizabeth French as my co-chairmen things began to happen. We asked for volunteers for a meeting late in April and I was more than pleased with the enthusiasm shown, with 29 showing up for the meeting. We decided at this meeting we wanted as much as possible for as little as possible and felt a three day affair to be of more value, and mapped out a three day activity program.

Mrs. Frances Pellerin and Miss Florence Rideout were named Chairmen of the Children's Parade. They were assisted by James Doyle and Miss Jane LaPonsie of the Youth Center Summer program. There were 87 entries opening our celebration Friday evening. This was followed by a Band Concert in charge of Donald Rockwood. There was also a concert to close the festivities, Sunday afternoon. A dance with Leo LaCasse's Orchestra closed the Friday evening affair, attended by an estimated 1000 persons.

Saturday, one of the largest parades since the 200th Anniversary was held, in charge of Lawrence Putnam, Lester Yohe, Duncan Tocher, Arthur Gage, Samuel Proctor and Mrs. Elna Stevens. There were 40 entries, three musical units and several walking units, including the Lyndeboro Artillery with their cannon which they fired at 6:00 p. m. Friday evening for the opening of the celebration.

A Sports Program at the park in charge of Roy Claire featured the afternoon program.

In the evening, a pageant, "Our Home Town," written by Miss Helen Sheldrick and staged and directed by her, was presented at the Pine Valley ball park. Music for the pageant was in charge of Miss Ethelyn G. Edwards with the combined choirs of all the

churches. She also wrote the finale song, "Our Home Town." Musical interpretation for the pageant was played by Pasquale Tallarico in a very pleasing manner. Stage properties and casting were in charge of Mrs. Mildred Pike and Mrs. Frances Pellerin, who spent many hours making and chasing after articles, to make it one of the finest pageants seen in this area for some time.

I, as Chairman, have received some very wonderful comments on the pageant as well as the other features of the celebration.

Sunday morning, special services were held in the various churches, with large attendances at each.

Through the courtesy of the local tribe of Red Men, a group of Junior Red Men of Methuen, Mass., put on an hour and a half show of authentic Indian Dances and the ritual of "The Burial of the Tomahawk."

The local firemen put on a fine demonstration of fire fighting with the new methods and equipment which they have. During the three day celebration, the Fire Station, which had been newly renovated, was open for inspection and a member of the department was there to explain many things.

Concessions at the park during the three days were in charge of the Boy Scouts, Girl Scouts, and Neola Council Degree of Pocahontas. Dinner and supper on Saturday were served by the ladies of the Second Congregational Church. Sunday the Junior Class of the High School put on a dinner at the town hall banquet room and the ladies of the Unitarian Church put on a dinner at the Wilton Center Grange Hall.

A Country Exhibit in the town hall during the three days was magnificent. Articles old and new, along with exhibits from the various industries, filled the hall. It was under the direction of Mrs. Charles W. Tobey, assisted by Mrs. Elizabeth French and members of the Garden Club who worked many hours with no expense to the Town.

The Historical rooms of the Library were open during the three days, with Rev. J. H. Wilson in charge.

Special acknowledgement should be given Samuel Abbott and his industries for giving the use of the ball park, lights, and cloth for bunting for the band stands; Roy Claire for many hours spent clearing space at the ball park and town hall; Wilton Lumber Company for use of lumber for stage and the Tuttle Brothers for the construction of the stage; W. W. Adrian, Arthur Atwood, Roland Reynolds, James West and Fred Nelson for lighting for the various activities; John S. Thompson and Carl Goranson for building stands, etc. at the Country Exhibit; J. Victor Tuttle, Wilfred Pellerin, A. Paul Pike, Lawrence Gibbons, Marvin Cuddihy, Jason Holt, Charles Mayer, Jr., Lawrence Tighe, Jr., Frank Calderara, F. Howard Bardol and the Boy Scouts for help in decorating the stage for the pageant, helping with the properties and cleaning up of the various activities; Theodore Langdell and Fred Nelson for the use of chairs; Fred Stevens and Robert Conrad for the handling of the chairs.

The policing of the affair under the direction of Chief H. J. Drayton was superb, having not a single accident during the entire time. The officers and special officers gave their time as their contribution. They were Arthur Keilig, Fred French, Charles Jowders, Leo Duval, George Pelletier, Paul Blanchette, Fred Bird, James Sheldon, Fred Wilkinson, Robert Edwards, Alfred Lavigne and Guy Draper, Sr.

The making of the banner across Main Street was done by Harold Kennedy and Carl Nelson, the committee paying for the material used. The high winds destroyed it the following week and through the generosity of one who wishes to remain anoymous, a new one was made, which has been stored away upstairs in the town hall for future use.

Donald E. Proctor acted as treasurer. F. Howard

Bardol and the Boy Scouts were in charge of the tickets and did an excellent job. The sad part of the affair was that despite the fact the 1949 Old Home Day Committee gave us a balance of $89.00 and we sold a total of 1027 buttons at $1.00 each, we had only a balance of 47 cents at the end of the celebration, which has been turned over to the Selectmen. We have nearly 1000 buttons left which could be repainted and used again. They have been stored in the Selectmen's room.

The committee realizes now that we should have charged separately for the dance and pageant, but we wanted to give something to every age group for as little as possible, so it could really be Old Home Days without anyone feeling they couldn't afford to attend.

The committee recommends another celebration not be held for five years, rather than the three as was voted last year.

MRS. MILDRED A. GIBBONS,
Chairman,
MRS. MILDRED PIKE,
MRS. ELIZABETH FRENCH,
Co-Chairmen.

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

To the Inhabitants of the School district in the Town of Wilton, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 8th day of March 1955, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate a sum of money not to exceed $13,000 for the purpose of paying the additional cost of constructing the new addition, over and above the contract price, and to authorize the School Board to issue serial notes or bonds in the name of and on the credit of the district, for said sum, in accordance with the provisions of Chapter 72 of the Revised Laws of New Hampshire and any revisions and amendments relating thereto, subject to any state or federal grants available now or in the future and applicable to this Article; the School Board to issue or negotiate such notes or bonds and to determine the rate of interest thereon and the time and place of payment thereof, as shall be in the best interest of the Wilton School District, provided however that such notes or bonds shall be issued for a period not exceeding five (5) years, or take any action relating thereto.

10. To see if the district will vote to raise and appropriate the sum of $292.50 to pay off the interest, the first year on the aforementioned note or take any action relating thereto.

11. To see if the district will authorize the School Board to make application for and to receive, in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.

Given under our hands at said Wilton this 16th day of February 1955.

RAYMOND A. LaPONSIE,
DAVID WRIGHT,
MILDRED T. PETERS,
School Board.

SCHOOL LUNCH PROGRAM

The summary below covers the receipts, expenditures, and balances of the School Lunch Program for the fiscal year 1953-54.

Cash on Hand July 1, 1953		$ 450 33
Receipts:		
Lunch Sales – Children		5,375 42
Lunch Sales – Adults		643 55
Reimbursements		1,124 46
Miscellaneous Cash Contributions		296 21
Total Available Cash		$7,889 97
Expenditures:		
Food	$4,605 54	
Labor	2,371 15	
Equipment	252 63	
All Other	614 59	
Total Expenditures		$7,843 91
Cash on Hand June 30, 1954		$ 46 06
Outstanding Accounts due School Lunch		20 27
		$ 66 33

I certify that the above information is true and correct; that the cash balance has been determined by actual count and/or verification of the checkbook balance; and that invoices and other pertinent records as required are on file to substantiate the School Lunch Program transactions.

LENA DESTROISMAISONS
Secretary-Treasurer
Wilton School Lunch

REPORT OF SCHOOL DISTRICT TREASURER
Fiscal Year July 1, 1953 to June 30, 1954

SUMMARY

Cash on Hand July 1, 1953		$ 3,469 40
Received from Selectmen:		
Current Appropriation	$86,516 41	
Received from State Treasurer:		
Federal Funds	1,124 46	
Received from Wilton		
School Lunch	105 08	
Received from Tuitions	8,265 25	
Received as Income from		
Trust Funds	1,050 68	
Received from all Other Sources	1,122 18	
Total Receipts	------	98,184 06
Total Amount Available for Fiscal Year		$101,653 46
Less School Board Orders Paid		101,648 63
Balance on Hand June 30, 1954		$ 4 83

JULIA M. KECY,
District Treasurer.

July 13, 1954.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Wilton, N. H., of which the above is a true summary for the fiscal year ending June 30, 1954 and find them correct in all respects.

SAMUEL PROCTOR,
Auditor.

July 14, 1954.

SCHEDULE OF INDEBTEDNESS

2% Serial Notes of August 21, 1952-57:
New Building — Original Amount $13,000 00

Two Consecutive Years: Stuart Draper, Dorothy McGettigan, Ramona Waters, Allen Mallows, Clifford Robbins.

One Year: John Abbott, Betty Cullinan, Dennis Shinn, Ernest Waters, Patricia West, Richard Fulgoni, Mary K. Hutchinson, Eugene Muzzey, Lewis Fulgoni, Daniel Yohe, Kathleen Batchelder, Charles DeSilva, Elaine Hussey, Charles Brown, William Pelletier, Doris Brown, Oliver Holt.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Wilton:

I respectfully submit my eighth annual report as your Superintendent of Schools.

Staff Changes and Instruction

Several new teachers were added to the Wilton staff with the opening of school this fall. Four changes occurred in grades 7 - 12 and one additional elementary teacher was employed to teach a second section of grade 2. Mr. Howard Preston, graduate of Yale University with a B. A. and M. A. degree was employed to teach high school English and Languages, replacing Mr. Ralph Ghetti who resigned to accept a position in Mineola, Long Island. Mr. Preston formerly taught Languages at Randolph-Macon College for a period of two years and was recently released from the Navy as a Lieutenant Commander. Mr. John Callahan, graduate of Plymouth Teachers College in June, 1954, was employed to teach Social Studies, replacing Mr. G. Lorne MacArthur who resigned to accept a similar position in Waltham, Massachusetts. Mr. Raymond Bissonette was employed to teach Math, Science and English, replacing Miss Jean Baker who resigned. Mr. Bissonette was formerly on our staff for the school year 1952-53, and resigned to pursue graduate work at the University of New Hampshire. We were fortunate in being able to re-employ him this year. Miss Nora Hurley, an experienced teacher, who formerly taught in Jaffrey and more recently in New Ipswich, was employed to teach a second section of grade 2. The increased enrollment in the elementary grades made it necessary to establish two first grades and two second grades this fall. Mrs. Helen Greene, teacher of Math and English in grades 7 and 8 for the past several years, requested a leave of absence in December because of the illness of her husband. We were very fortunate in being able to obtain

the services of Mr. Neil Howard, who has had several years of teaching experience as well as administrative experience in elementary schools, also several years of experience in directing the activities of young people during his time in the Ministry. Mr. Howard is a graduate of Gordon Theological Seminary in Boston, Massachusetts, and Keene Teachers College.

The remainder of the staff is unchanged. Excellent work is being done by all teachers and I wish to commend Mr. Sargent, Principal of the High School, and Miss Rideout, Principal of the Elementary School, for the fine work they are doing with their teachers.

Basically our educational program remains the same as last year, with the exception of additions to the High School Curriculum, explained in the Principal's Report. Changes in emphasis in certain areas of our work are necessary as the abilities of individuals and classes vary. The staff members are to be commended for their tireless efforts in working in behalf of individuals and at the same time maintaining high standards in the work of the grade.

Much attention has been given to the high school curriculum with the result that several courses have been added to take care of the varied interests and needs of our growing high school population.

We have mentioned over the past several years, the desirability of expanding our shop program to include metal work, machine shop work and electricity. We should be thinking seriously of this problem.

The demand for Physics and Chemistry has increased the numbers taking these courses to such a degree that our facilities and equipment are decidedly inadequate. Progress is being made in providing equipment. I would like to recommend that in 1956-57 an effort be made to renovate the present laboratory, confining its activities strictly to the sciences. This would involve providing additional laboratory tables and re-

locating them so that they can be more efficiently used and eliminating this room as a home room station.

Our growing school population in the high school is going to make it necessary to add another member to the faculty in the school year 1957-58. We will be having classes numbering 40 to 44 pupils, and it will be necessary to run two sections in many of the classes, to provide effective learning situations. In the same year it is going to be necessary to add another elementary teacher to handle adequately the increased number of pupils that will be moving through grades 1 - 6.

Our health program continues to function very well under the capable supervision of Mrs. Edna Gilbert, School Nurse. The details of her work are explained in the School Nurse Report.

The School Lunch Program, which has now become a very definite part of our educational program, continues to be operated very efficiently by Mrs. Marjorie Robbins, Mrs. Esther Kennedy and Mrs. Veronica Robbins. We were serving 210 pupils at the start of the lunch program this year, which incidentally was delayed until November because of the construction that was going on. At this writing we are averaging 180 pupils per day. The increased space that has been provided by the new room adjacent to the lunchroom will help immensely in relieving the crowded conditions we have experienced.

Lands and Buildings

We went into two of the new rooms, of the recent four room addition, shortly after school started this fall and it appears that the last two rooms will be ready for occupancy shortly after the February 1955 vacation.

We are exceedingly proud of our new plant and the people of Wilton are to be commended for their efforts in providing such excellent school facilities. It appears that this most recent addition should take care of our school housing requirements for some time. At the

present time we are housing in this new plant two grades one, two grades two, Grade 3, Grade 4 and Grade 5. The room adjacent to the cafeteria will be used for Music and Art activities as well as an expansion for the cafeteria as needed. This room will see much service as a general utility room until such time as it is needed for a permanent classroom. Grades 6 through 12 are being housed in the old building. The new addition made it possible to move grades 4 and 5 out of the old building thereby making available two rooms for grades 7 through 12. These are being used as home room stations and classrooms.

The size of our school plant made it necessary to add an assistant custodian, with the opening of school, to handle properly the maintenance required. Mr. Henry Destroismaisons was employed in September, 1954, and continued with us until December 15, 1954, at which time he resigned and Mr. Alfred J. Willette was employed to fill out the year. Mr. Evan Day, Sr., and Mr. Willette are to be commended for the fine work they are doing.

Several improvements were made in other areas of the school plant. The Home Economics Cooking room was repainted as was the Boys' and Girls' Shower Rooms and the ceiling of the Auditorium. The School Board has planned to complete the painting program established several years ago by painting the walls of the Auditorium and the hallways and stair-wells in the High School Building.

The program and bell system that has been in use in the High School Building for many years, and causing considerable difficulty, was discarded and replaced with the I.B.M. System working off the clock in the Elementary School.

The construction of the new addition made it necessary to re-landscape several portions of the school grounds and re-locate several sections of the cement sidewalks. This work, plus several other items that be-

came necessary as the result of the new construction, are covered in the School Board's Budget and by a Special Article in the Warrant.

Finance

The School Board's Budget for 1955-56 calls for an appropriation of $118,523.46, an increase of $7,721.39. The major increases are reflected in Teachers' Salaries $4,100; Repairs and Replacements $1,200; Transportation $1,200; Debt Payment $6,000. Decreases in the areas of Insurance, Additions and Improvements, New Equipment, and Interest payments result in the net increase reported above.

The estimated income subject to any income that may become available through State or Federal Aid, is $10,100, making the Estimated Assessment required to cover the School Board's Budget $108,423.46, an increase of $6,421.39.

A discussion of Special Articles 9 and 10 is included in the School Board's Report.

Conclusion

I wish to express my sincere appreciation to the Wilton School Board, the staff, parents and citizens of Wilton for the fine cooperation and assistance given me during the past year in developing and administering the educational program being offered to the children of Wilton. I feel that much has been accomplished the past few years, none of which could have been done without the wholehearted support of all concerned.

NEWELL J. PAIRE,
Superintendent of Schools.

PRINCIPAL'S REPORT – WILTON HIGH SCHOOL

It is a pleasure for me to report on the progress of Wilton High School during the past school year. Through the year, much improvement and enlargement of your plant has been carried out, reflecting the desires of the community. In keeping with this growth, we have been trying sincerely to expand and improve the caliber of instruction in your High School.

Our efforts this year have followed two paths which we hope will lead to better educated youngsters in our community. The first area of improvement came about as a result of a close examination of the results of tests that had been given in reading and spelling to pupils of our school. A careful analysis of these results showed that our pupils were not doing as well as we desired in these areas, and greater emphasis could improve the situation. We were not, at this time, interested in why the situation occurred, but rather what could be done about it now that we were aware of this deficiency.

A workshop in which teachers of our Union had participated several years ago gave us the key to the solution of our problem. Only time and additional testing will prove us to be correct. The teachers decided that spelling and reading in our high school should be the task of all of the teachers of our staff, not the separate effort of the English Department. In each subject area, spelling would be emphasized, requiring pupils to spell words peculiar to that subject area. This might be done in formalized tests, or in grading of spelling of all papers passed in for all classes. In other words, spelling, in our school, became everybody's responsibility. The spelling program of the English classes would continue as in the past, but it was the additional emphasis in all subject areas which we hoped would bring about the desired results.

The reading problem was attacked in about the

same manner — it became everyone's responsibility. High School English classes, which had not placed too much emphasis on reading methods, worked especially hard in this area. The procedure to be followed at least once a week in each subject has been as follows: the pupil reads a page, half-page or paragraph, then the text is closed and pupils write a digest of what has been read. A comparison is made between points covered by various pupils, which enables the pupil to recognize how he stands in his class in this important skill area. Sometimes pupils are asked to write a digest again the next day to see how much information they have retained. This entire process takes only about fifteen to twenty minutes of class time per subject each week, but we feel sure the total result will be, better reading comprehension for our pupils. We consider this time well spent. Certainly there is no skill in adult life more valuable to the alert intelligent citizen than that of reading.

The other path that we have been following during this past year to help all pupils obtain the most from school is a program which we call group instruction. This individualizes the instruction so that it is tailored to fit each pupil's abilities. We know that all pupils of a class group have different abilities in succeeding in an area of study. Some find the work quite easy — others find it difficult. If the same things were expected of all pupils, instruction would have to be aimed at some fictitious "average" pupil. This means that some pupils would never reach the "average" in this area, while others would be bored with instruction aimed at "average" pupils. What to do? Don't try to instruct everyone at the same level, but break the class into groups and teach at about three levels; easy, hard and very hard. This means that pupils experiencing difficulty in the subject area **work as hard as they can** but do not cover as much material as pupils who can move at a more rapid pace. This also means that the pupils who

find the work easy move rapidly and are constantly being urged to move more quickly, thus having no chance of becoming bored. The middle group is working at a level between these two extremes. It is necessary to take the greatest caution in diagnosing the abilities of a pupil to make sure he is required to work up to the limit of his capacity. Our rather adequate guidance programs assist us in doing this.

There are two ways in which this splitting can be developed, various subject areas lending themselves to one of the two methods. In one method all pupils cover the same basic material, but the more skilled groups go into far more detailed study in each area. In the other method, groups cover as much material as they can master, going to a new unit only when they have acquired thorough knowledge of the old one.

The above program requires that, in many cases, three classes be taught in one single class. Sometimes classes are run as workshops in which pupils proceed with the material at hand while the teacher works with another group of the class. This system tends to develop responsibility in pupils, since part of the period the teacher is not actively working with them. It has been a new experience for some of the teachers in trying these methods in their classrooms. They realized that this procedure would require added effort, and perhaps they were not too sure of the results which would be shown by this new method.

The pupils have accepted, happily I believe, this new outlook in our instruction, since it means that they are being asked to do just the best that they can in subject areas.

Such a program takes time to develop, and skill comes only with practice — trying new methods and ever searching for better ways of helping the pupil to reach his or her maximum level. Not all classes are being handled in the outlined manner, but several are. As a teacher feels more security using this method in

one area, he or she is challenged to try it in another class. We hope for continuing expansion of this program throughout this and coming years.

There is another phase of this program of individualization of instruction – one that was started last year and has been expanded this year – namely the correspondence course. This year seventeen students are working in six areas, and this means that we are better meeting the individual needs of seventeen of our students. As a matter of fact, we had so many pupils interested in a single area of correspondence that it was decided to offer the course in school rather than have ten or twelve pupils taking it by mail. Our plan had been to offer Contemporary Problems as a course and drop World History. Due to requests of pupils for the correspondence course in World History, it was finally arranged to have it scheduled in the regular program. So correspondence courses have expanded our curriculum. Even more, they have helped to individualize our instruction by offering pupils courses of their needs and choices.

Recommendations

I am happy to say that of the seven recommendations that were presented in last year's report, three have been accomplished or will be accomplished by the end of the present year. The recommendations relating to Physical Education, Driver Education, Science, and a Library are still goals to aim for in future planning.

I believe that two additional areas of our overall program are in need of expansion, and these should be considered with the four noted above.

1. We have a fine Guidance Program for the size of our school population and staff. Our singular weakness has been the lack of sufficient time for counselling, perhaps the most important phase of a school guidance program. It is hoped that in the future a teacher properly trained in counselling can be relieved from some

classroom teaching to devote more time to the pupils' needs. Relief from two classes would provide ample time for this program.

2. Our shop program has been limited to two general areas of instruction because of limitations in time, space and facilities. In this community where the machine shop trade is so important, it seems reasonable that machine tool instruction should be offered in the school. If such training were available, the pupil, the industry and the community would benefit. Our shop program needs expansion to include all areas of general shop work, in addition to wood working and mechanical drawing. Such areas as machine operation, electricity, sheet metal and automotives would be of great value. The inclusion of these areas would require an additional instructor and additional space available for facilities needed.

The Superintendent of Schools, Mr. Paire, and the School Board have been very understanding of the problems of the staff. The parents of the community have also been very cooperative and have been willing to go more than half way to help us of the staff to help their children. For the staff, I want to thank you all and wish to assure you that your cooperation only strengthens our desire to best serve you and your children.

KENNETH A. SARGENT,
Principal.

SCHOOL NURSE REPORT

Physical examinations were completed for grades one through ten and part of eleven before Christmas vacation. Since then Dr. Sheris has not been available due to heavy work load resulting from Dr. Galloway's accident and illness. Total number examined 361; Excused 1. Defects found:

Teeth	80	Poor alignment	5
Enlarged Tonsils	11	Tonsilectomies	3
Functional Heart Murmur	4		
Trench Mouth	1	Corrected	1

Many were found to have Post Nasal Drip and Cervical Glands swollen, probably due to colds.

Deviated Septum	1	Chicken Breasted	1
Testes	1		
Found to be without defects	143		

The School Dental Clinic, sponsored by the Wilton P.T.A. employing Dr. Earl Roy, Dentist, November and December 1954: 43 children had corrective dental work and 35 had Fluorine Series and Cleaning. To make the Dental Clinic possible, funds raised by the Wilton P.T.A. were matched by Federal funds.

Hearing tests by audiometer were completed April, May and June, 1954 for 299 pupils. Several were re-tested – three were found defective, two have been treated.

Vision tests by Telebinocular are in process. 238 pupils have been tested and several retested.

New defects found	10
Glasses broken	2
Corrected by glasses	29
Some defect with glasses	14
No vision since birth, 1 eye	2

Contagious Diseases:

Virus Pneumonia	3
Whooping Cough	4
Measles	3
Chicken Pox	2
German Measles	2
Mumps	69

I appreciate the cooperation of Wilton School Personnel, parents, pupils, teachers and friends. I assure you it has been a pleasant service.

I also wish to express appreciation to the Wilton P.T.A. for the effective school dental program they have sponsored, and to the Lions Club for gifts of Telebinocular and Audiometer, modern vision and hearing testing machines, now in use in Wilton.

Cordially submitted,

EDNA J. GILBERT, R.N.,
School Nurse.

SCHOOL BOARD'S REPORT

The School Board is confining its report this year to a discussion of the planning and events related to the construction of the new addition on the Wilton School Plant.

At the Annual District Meeting in March 1954, the Moderator was given the responsibility of appointing an Advisory Committee of five members to meet with and assist the School Board in planning and carrying through to completion the proposed addition. The members appointed were Mr. Richard Tuttle, Mr. William Cleaves, Mr. Joseph Hurley, Mr. Norman Wells and Mr. Charles S. Gleim, Sr.

The combined committees employed the services of the architectural firm of Tracy and Hildreth to draw up the plans and specifications and supervise the project. Plans and specifications were submitted to several contractors and the following bids obtained:

a. Swanburg Construction Corp., Manchester, N. H.	$71,576
b. David W. Davidson, Manchester, N. H.	75,200
c. Macmillin Co., Keene, N. H.	76,757
d. Blanchard Stebbins, Manchester, N. H.	77,150
e. L. E. Martel & Son, Manchester, N. H.	79,500

In view of the fact only $64,000 was available to construct the building and employ the services of an architect, all bids were rejected.

The Abbott Machine Co., through its President, Mr. Samuel Abbott, proposed that the Abbott Machine Co. would construct the building according to specifications at a sum not to exceed $70,000, realizing that the School District had made available only the sum of $60,000 for this purpose. However, he did request that the School Board insert an Article in the Warrant of the next annual school district meeting giving the voters an opportunity to raise the difference between the available $60,000 and the actual cost of the con-

struction, such total cost not to exceed $70,000. In case the school district did not raise the aforementioned difference the School Board and School District would be under no financial obligation to Mr. Abbott or the Abbott Machine Co.

The committee of the whole considered the above proposition and voted unanimously to accept it. Consequently, an Article appears in the Warrant relative to this proposal. It will be noted that the amount called for is $13,000. The additional $3000 is for extras pertaining to grading, sidewalks, hot top, catch basin, gymnasium vent, return pump, cafeteria window, relocating wires, and additional hardware, all of which were not a part of the original contract. The committee, after reviewing the plans and problems that arose, felt that these extras should be done while the building was under construction and the necessary equipment at the site, rather than wait until after the next district meeting.

A review of costs as presented by the Abbott Machine Company follows:

SCHOOL COSTS

Abbott Machine Co., Inc. – Material	$30,362.00
Abbott Machine Co., Inc. – Labor	19,675.00
Wilton Plumbing	13,000.00
W. Adrian – Electrical	4,700.00
Robbins – Painting	2,263.00
	$70,000.00

SCHOOL – EXTRAS

Sidewalks, grading, hot top, catch basin, etc.	$1,888.00
Gymnasium Vent	215.47
Return Pump	286.06
Cafeteria Window	85.00
Raising Wires	81.49
Hardware	343.98
	$2,900.00

SCHOOL – REPAIRS

Toilet Locks	$ 31.02
Paint	239.00
Gymnasium Threshold	25.00
	$295.02

The Committee commends highly the fine work of the Abbott Machine Co. and its sub-contractors. A thorough job has been done.

The School Board wishes also to thank the members of the Advisory Committee for their help and advice and the personal interest they took in the project.

Respectfully submitted,

RAYMOND LaPONSIE,
DAVID WRIGHT,
MILDRED T. PETERS,
School Board.
